Sprint Backlog, Iteration #7 Retrospective

User Story	Task	Member responsible for the task	Task Assigned To	Estimated Effort per Task (in hours)	Actual Effort per Task (in hours)	Priority (A—E) (A is highest)	Done (yes/no)	Notes
As developer I want to finish the graph refactor	Finish the bubble object implementation	Daniël	Daniël	3	4	B	yes	
As developer I want to integrate the graph refactoring with the gui	Integrate the refactored components with the gui	Daniël	Daniël	22	25	A	yes	
As a user, I want to select specimens in the phylogenetic tree and display the selection as a graphical representation	Implement selection of elements and add them to a list	Björn	Björn	6	6	B	yes	
	Implement filtering method for graph of only selected elements.	Hugo	Hugo Bjorn	14	14	A	yes	
	Implement colouring of edges and supernodes	Hugo	Hugo, Bjorn	10	9	B	yes	
	Split the model from the controller	Björn	Björn	9	8	A	yes	
As a user, I want to have checkboxes for SNP and inDel	Implement checkboxes which will enable a highlight of selected feature	Rob	Rob	12	12	B	yes	Not yet in the release
As a user, I want the switch between graph view and ribbon view to happen automatically	Implement the ability to switch without tabs	Rob	Rob	10	11	C	yes	
As a user, I want to see only the selected genomes in the ribbons	Implement a method to only draw genomes that are selected	Rob	Rob	12	18	B	yes	Needed to adjust the database structure, so it took more time than expected
As the user I want to see data about a selected genome in the phylogeny	Implement data vizualization for selected genomes in the phylogeny	Evan	Evan	10	11	A	yes	
	Create a parser for the genome specific data that needs to be gotten	Evan	Evan	5	6	B	yes	
As the client i want to see a presentation and demo every week to keep me up to date with how the project is progressing.	Create, practice, and present the client meeting presentation.	Evan	Evan	3	2	C	yes	
As the client I want to be able to view the Architecture design document and understand the design of the project	Update the Architecture Design Document to be current with the projects architecture	Evan	Evan	4	3	D	yes
